What is Clear Business Essentials Wireless Broadband?

The Clear Telecoms Wireless Broadband service gives you a high speed, mobile broadband connection. Simply plug the USB modem into your laptop to access GSM, 3G and HSDPA networks automatically for seamless mobile broadband connectivity.

What modem is needed?

Clear Telecoms Wireless Broadband is only available with our USB modem. This modem is 3G, HSDPA and GSM enabled allowing the fastest download speeds.

How does it work?

Clear Telecoms Wireless Broadband uses the Optus mobile network to give you fast wireless broadband access. You simply insert the USB modem into your laptop or PC and connect using the software supplied. Check emails, download documents or other files while you're on the move, at home or in the office.

Features & Benefits

No wires to phone sockets, no separate power supply required and no complicated set-up. Once your USB modem is installed you're ready to work on the go. Coupled with the added benefit of a monthly access fee discount when you combine your Wireless Broadband with your fixed line service on the same Clear Telecoms account.

Now that's the Clear alternative! To join us today call 1300 304 773.

Plan Terms & Conditions: 1. Service delivered via the Optus 3G/HSDPA GSM network, subject to network availability. To the extent permitted by law we do not make any representation or warranty regarding the performance, service or coverage of the Optus (GSM, GPRS or 3G/HSDPA) network. Actual speeds will vary in different network coverage areas. 2. Your Monthly Access Fee is the minimum amount you pay each month, regardless of your usage. 3. Bundled Monthly Access Fee is available to customers bundling fixed voice and Wireless Broadband service on a 24 month agreement. 4. Both upload and download are counted toward your Included Data. Excess usage beyond your included data will be charged at 10c/Mb. Excess usage is capped at \$99 per month. If you reach the excess usage cap of \$99 your service will be suspended until your next billing period. 5. \$0 USB modem is on a 24 month contract and supports Windows 2000, Windows XP (32 bit only) and Windows Vista (32 bit only) and Mac 10.3.5 or higher.
